IT Support Professional · Security Track

404-285-6391 · mylespeters4747@gmail.com · Texas Gulf Coast

PROFESSIONAL SUMMARY

Analytical and resourceful IT support professional transitioning from hospitality and security operations to technology. Strong problem-solving and troubleshooting background with practical experience managing systems, data entry, and operations in fast-paced environments. Currently pursuing CompTIA A+ on a path toward security operations. Quick learner eager to apply technical knowledge, customer service, and organizational skills to an entry-level IT or help desk role.

TECHNICAL SKILLS

- Computer troubleshooting & maintenance
- Networking fundamentals
- Access control & incident reporting
- Hardware / software installation
- Ticketing systems & documentation
- End-user training & support
- Microsoft 365 & Windows administration
- POS systems (Toast, Micros)
- Data entry & reporting

PROFESSIONAL EXPERIENCE

Administrative & Technical Support — Various roles, multiple employers 2020 – 2025

- Supported computer operations, POS troubleshooting, and basic system configuration.
- Provided administrative and data-entry support to managers and HR teams.
- Assisted staff with connectivity and device issues in hospitality environments.

Valet Attendant — USA Valet, Sacramento, CA Nov 2023 – May 2024

- Managed lot opening/closing procedures; handled currency transactions and documented tickets accurately.
- Maintained timely records of vehicle checks and condition prior to service.

Lead Supervisor, Aquatics — Schlitterbahn Beach Waterpark & Resort, Galveston, TX Apr 2022 – Sep 2023

- Managed communication systems, employee scheduling software, and safety data logs for the aquatics team.
- Reported incidents through digital reporting tools; improved team coordination through technology use.
- Supervised aquatic-center safety procedures and developed emergency action plans.

Security Officer — Securitas, Texas City, TX Sep 2022 – Apr 2023

- Performed access control: verified identification and credentials for entry to restricted areas.
- Patrolled and inspected premises for tampering or damage; responded to security violations and emergency calls.

Bartender, Server & Host — The Tremont House, Gypsy Joynt, and others; Galveston, TX & Atlanta, GA 2021 – 2025

- Operated digital POS systems (Toast, Micros), tracked transactions, and resolved technical errors during high-volume shifts.
- Maintained accurate sales and inventory reporting through electronic systems; balanced cash drawers.
